

Alcohol will ruin your life,
Don't you know it cuts like a knife,
Alcohol can weaken your heart,
That is just a punishing start,
I try to live my life to its best,
You won't give alcohol a rest,
You know that your time is overdue,
Is that why you're crying and feeling blue?
You made bad decisions with your life,
Alcohol can ruin brain cells,
It can destroy your organelles,
You caused yourself a terrible strife,
Ask yourself is that what you want to do,
Are you feeling Déjà vu?
